Hello.

Here's a bit about me.

I'm a **community builder** for creative and ethical companies. We're not selling products to consumers – we're empowering communities around ideas.

“Communication leads to community, that is, to understanding, intimacy and mutual valuing.” – Rollo May

I help businesses grow authentically and sustainably through cultivating **creative communities**. I do this by advising on marketing and documentation, and producing exceptional content.

CONTENT TO ARRIVE SOON <3

I've helped dozens of companies grow their communities by providing original, thought-provoking content. People love to talk about and share ideas that inspire them.

I work with companies that chime with my own values so we can produce the best results.
